

WORK SHEET – EXERCISE 7A

Some heated situations.

Do you remember Rachida, who thought Ms Sandal's comment was unfair? Luckily, Lee comes to help her through her anger, so she can calm down again and face Ms Sandal. Do you remember other situations where someone you know was angry? Were you able to help them? Or maybe situations where you were angry?

You can draw or write down some words for every situation you can think of.

Situation 1

Situation 2

Situation 3
