

WORK SHEET – EXERCISE 8A

Some sad situations.

Do you remember Tom, who was inconsolable when Lee left? Luckily, Manon is here and is being nice to him and helping him overcome his sadness. Do you remember other situations where someone you know was sad and feeling discouraged? Were you able to help them? Or perhaps situations where you were sad? And someone helped you?

You can draw or write down some words for every situation you can think of.
