

KEEP GOING!

Intelligence can be developed.

TAKE A DEEP BREATH AND TRY AGAIN!

Anchoring yourself allows you to start over.

TRY AGAIN BUT DIFFERENTLY!

There are many ways to reach your goal.

LEARN FROM YOUR MISTAKES!

You can always learn something.

TRY AGAIN!

Different strategies are possible.

GO FOR IT!

Progress is made step-by-step.

TAKE ON THE CHALLENGE!

A challenge is a chance to surpass yourself.

PRACTICE OFTEN!

Mastery is acquired through repetition.

TAKE ON THE CHALLENGE!

Your efforts will pay off.

DO YOUR BEST!

To master something, you have to try again and again.

PROGRESS IS POSSIBLE!

Intelligence is developed through experience.

EXPLORE THE PROBLEM!

The brain is nurtured through exploration.

DON'T GIVE UP!

The path leads to success.

LISTEN TO THE INSTRUCTIONS!

Understanding what's expected of you is the key.

DEEPEN YOUR KNOWLEDGE!

The deeper you dig, the more you advance.

KEEP AT IT!

When it becomes difficult, we can make progress.

IMAGINE!

Curiosity opens up your intelligence.

ASK YOURSELF QUESTIONS!

Questions open up your reflective abilities.

DEVELOP YOUR TALENTS!

There are multiple forms of intelligence.

TRY NEW THINGS!

Routine makes your intelligence lazy.

LEARN IN DIFFERENT WAYS!

The mind loves change.

DEVELOP YOUR THINKING!

Asking yourself questions develops your intelligence.

TAKE YOUR TIME!

Everyone has their own learning rhythm.

TRY ONE MORE TIME!

Trying again allows you to progress.
